Subject: GMAP - access

Hi team, in reviewing Cecilia's notes from Friday's GMAP coordination call, I noticed that Mike, Curtis, and Leland may be on site at the AltEn property this week during the GMAP deployment. I followed up with NDEE's attorney Susan Ugai today. She confirmed that Brad Pracheil will obtain access for EPA personnel (including Kate Haile and Scott Hamilton, R5) from AltEn, in the event you go on their property, and from the university. If there are any access concerns during the GMAP event, please give me a call.

Thanks,
Erin
